NOMACORC ANNOUNCES NEW DISTRIBUTOR PARTNER IN CHILE

Nomacorc, the world's leading producer of alternative wine closures, today announced a new distribution partner in South America. OXIMETRIC (www.oximetric.cl) is now Nomacorc's official distributor and supplier in Chile and will also be responsible for importing and distributing Nomacorc's [NomaSense™](#) oxygen management system.

Founded in 2009, and owned and managed by seasoned professional Rodrigo Moraga, OXIMETRIC will offer Nomacorc's co-extruded synthetic closures that provide consistent, fault-free wines. Through this new partnership, Nomacorc will continue to build its business in South America and continue its mission of partnering with wineries and serving winemakers' intentions.

About Nomacorc

Nomacorc is a worldwide leader in wine closures and the No. 1 closure brand for still wines in many countries including France, Germany and the United States. Dedicated to technological innovation, Nomacorc manufactures its portfolio of products using a patented co-extrusion process. As a result, Nomacorc closures provide consistent, predictable oxygen management and protect against off-flavors due to oxidation, reduction or cork taint. Nomacorc's 100 percent recyclable products are available through a vast network of distributors and sales agents on six continents. With 500 employees worldwide and state-of-the-art manufacturing facilities in the United States, Belgium and China, Nomacorc produces more than 2 billion closures annually. Working with renowned wine research institutes worldwide, the company leads the wine closure industry in fundamental and applied research into oxygen management in wine.
